

# STARS: Safety Tracking and Reporting System

Introduction to Beth Israel Lahey Health's  
New platform safety event reporting system

Beth Israel Lahey Health

☆ **STARS is:** BILH's Safety Tracking And Reporting System

☆ **STARS is:** A web-based software application used to report and document safety events involving patients/clients, colleagues/employees, and visitors

☆ **STARS is:** A tool for YOU to report safety events

# Why Report?

## Safety event reports help us:

- Identify and analyze trends
- Uncover potentially dangerous situations that may harm patients
- Identify systems issues
- Identify and share best practices within the hospital and within the BILH system to prevent similar incidents from occurring in the future

# Who Should Report?

All staff and clinicians have the ability to enter a STARS report and are encouraged to do so.

### Who should report?

- Person responsible for the event, or
- Person who observes the event, or
- Person who discovers the event, or
- Person to whom the event was reported
- Duplicate reporting is NOT a problem

# What to Report?

# What is a Safety Event?

AKA Safety Occurrence AKA Safety Incident

Beth Israel Lahey Health

In general, a safety event is any situation that causes or has the potential to cause harm to a patient, employee, or visitor.

Examples include:

- Visitor, Client or Employee injuries
- Medication errors
- Equipment malfunction/failure
- Delays in treatment or diagnosis
- Patient identification issues
- Adverse reactions to drugs or treatment
- HIPAA/Privacy concerns
- Falls
- Unsafe situations

---

## Patient, Client, Visitor, and Staff issues including:

- Medication errors
- Falls
- Unsafe conditions
- Injuries

## Professional Conduct issues including:

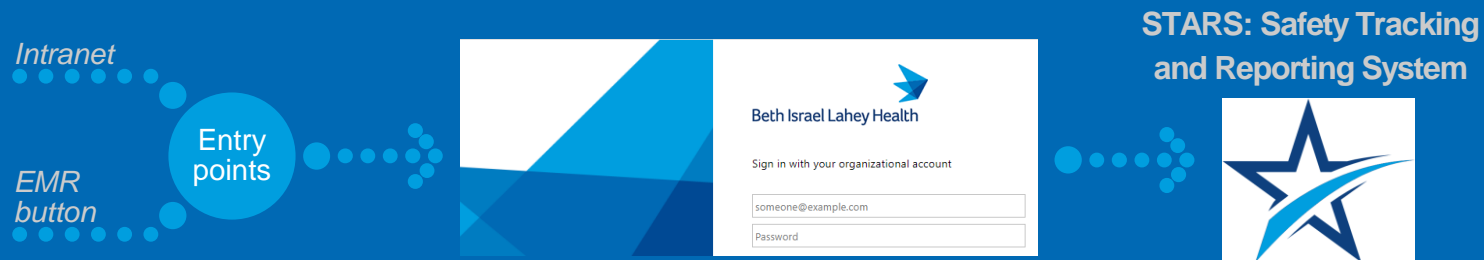

- Workplace violence
- Disrespectful behavior
- Discrimination/ Harassment
- Retaliation

# When Do I Report?

- Safety Events should be reported in STARS
- Within 24 hours or prior to the end of your shift
- This helps recollect the information closest to the event

# How to Report?

- You **must** be on a BILH Network or connected through Citrix / VPN in order to access STARS
- The entry points to STARS will look different at every BILH business unit. You will be able to access STARS through:
  1. Intranet
  2. Electronic Medical Record

- Education Toolkits will include information for adding shortcuts to your personal desktop or browser. These can be found on the local intranet.
- There is an anonymous reporting feature available.

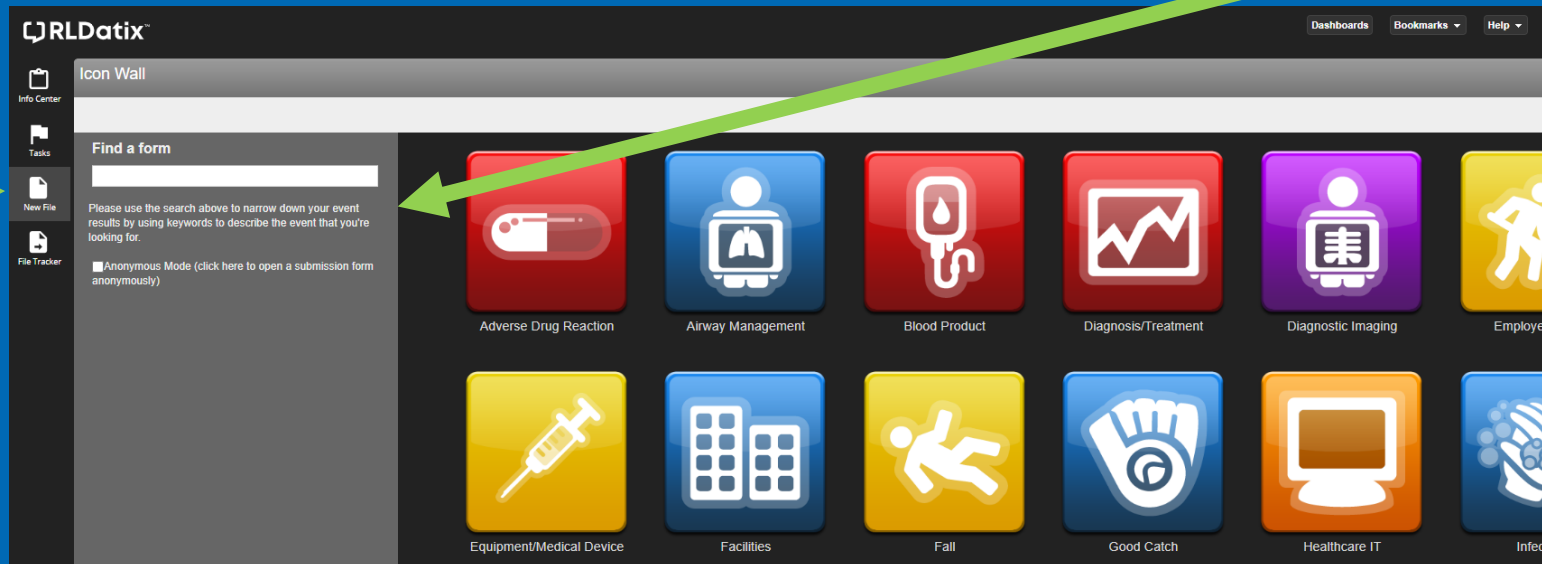

## You may select the Icon to File a Safety Report by:

- Scrolling down and reviewing the icons and click on the icon that best relates to the report you want to submit

OR

- Searching for a form by using the “Find a Form” search on the left side of the screen

On the side panel, select “New File”

Fall - Submission Form

**Table of Contents**

- Fall
- Fall Event Details
- When and Where Event Occ...
- Person Affected Details
- \*\*\*

Beth Israel Lahey Health

**Fall**

General information about the fall event

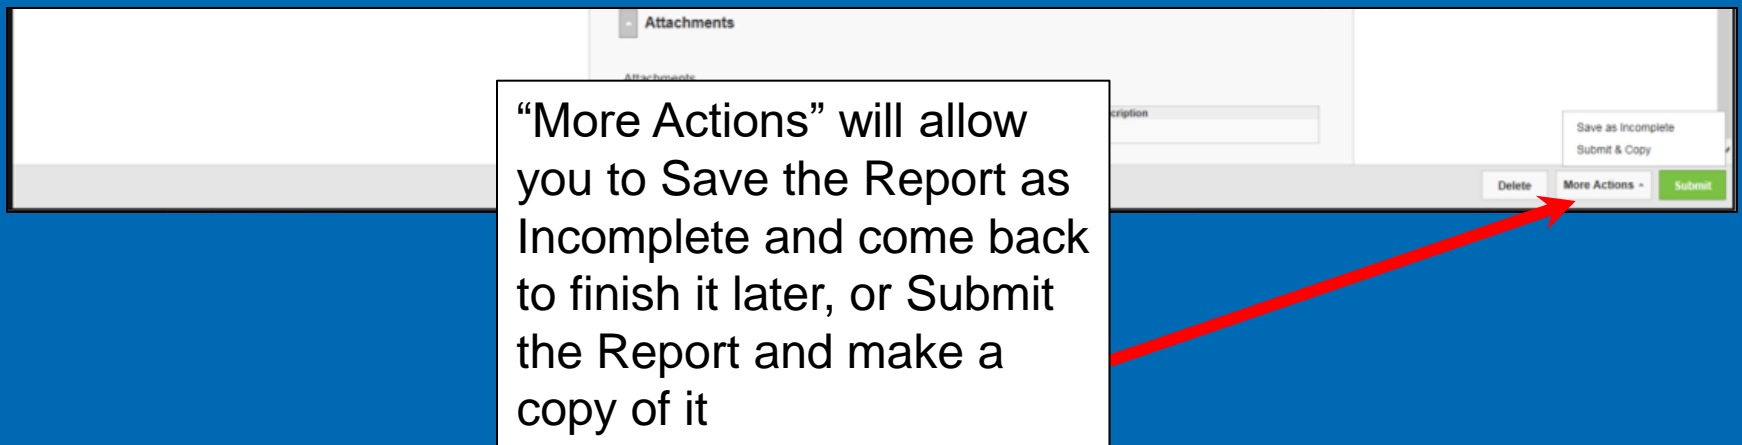

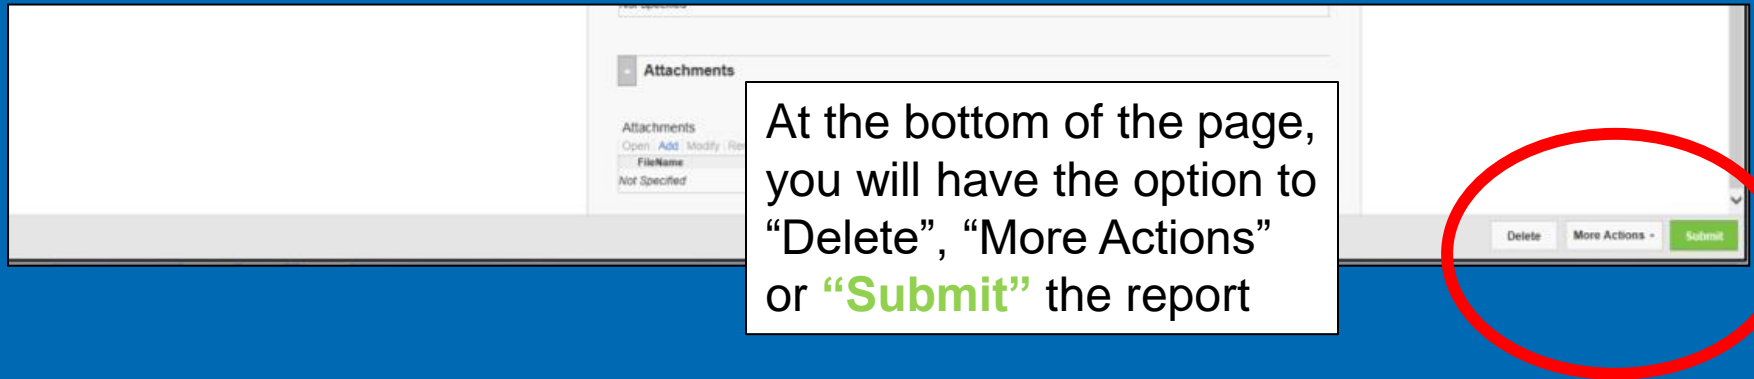

Type of Reporter \*

Specific Event Type \*

Type of Person Affected \*

Severity Level (Reported) \*

Brief Factual Description \*

- **Be as detailed as possible!**
- Include only facts, do not speculate or use prejudicial language
- Document everyone involved or who may have witnessed the event, include names of notified parties if applicable
- Do not use individual names in the event details, rather use role of individual if necessary (MD, RN, MA etc..)
- Use “Employee Event” as the General Event type for events involving employees
- Do NOT document in the patients medical record that you entered a Safety Event report
