Lahey Engagement Team (LET)

- A committee of colleagues empowered to propose and deliver initiatives that improve our workplace and promote engagement in our mission
- The LET fosters a learning culture – members can build on their communication, project management, influencing skills.....and more!
- Serving on the LET provides the opportunity to work with all levels of senior leadership
- The LET also serves as a vehicle for new hires to assimilate into the organization while building their network.
- If you are interested in joining the LET, Please contact Patrick DeVivo in Human Resources at:
patrick.l.devivo@lahey.org

There are three sub-committees, sub-LETs, which focus on the most significant elements of strong colleague engagement:

Respect & Dignity

**Lahey Hospital and Medical Center (LHMC)
is strongly committed to providing a
workplace free of harassment and where all
colleagues are treated with respect and
dignity.**

**Dignity and respect
at the heart of care**

Sexual Harassment Policy

Sexual Harassment

Lahey is committed to the Guiding Principles of respect and caring, and an environment of individual responsibility and excellence. There is no place within Lahey for sexual harassment and it will not be tolerated under any circumstances.

There are two basic types of sexual harassment:

- Quid Pro Quo Harassment is when an individual is subjected to direct or implied requests by a supervisor for sexual favors in exchange for actual or promised job benefits, e.g. continued employment.
- Hostile Work Environment is when sexual advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual's work performance by creating an intimidating, hostile, humiliating or sexually offensive work environment (e.g., sexual jokes, comments about an individual's physical appearance, discussion of one's sexual activities, etc.).

If you encounter a situation where you believe sexual harassment is taking place, you should immediately bring the matter to the attention of your supervisor, manager, Human Resources, or any member of the administrative or physician leadership with whom you feel comfortable.

It is Lahey's policy to act promptly to investigate each complaint of sexual harassment and to remedy the situation in a timely and appropriate manner when an allegation is determined to be valid. Corrective action, up to and including termination of employment may occur.

Any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated by Lahey. In the event of suspected retaliation, a colleague/volunteer or other personnel is urged to promptly file a Retaliation Report, detailing the retaliatory conduct, with Human Resources or any administrative or physician leader.

Lahey's policy regarding Sexual Harassment is not designed or intended to limit its authority to discipline or take remedial action for workplace conduct that Lahey deems unacceptable regardless of whether that conduct satisfies the definition of sexual harassment.

For more information, please refer to the Lahey Hospital & Medical Center's Sexual Harassment Policy in the Human Resources Policy and Procedure Manual (which is also on MassNet).

To access services, call 844-266-0704 or go online at guidanceresources.com and use Web ID: LAHEYHEALTH.

Sexual Harassment Prevention

What is it?

Unwelcome sexual advances, requests for sexual favors and other verbal, written, electronic or physical conduct of a sexual nature that affects an individual's employment, unreasonably interferes with his or her work performance or creates an intimidating, hostile or offensive work environment.

Sexual Harassment Prevention (cont.)

There are two forms of sexual harassment:

1. Quid pro quo (Latin for “this for that” or “something for something”)
2. Hostile work environment

Sexual Harassment Prevention (cont.)

1. Quid Pro Quo:

- Tangible employment action against the victim
- Involves monetary loss or change in job

Example:

- Sally repeatedly refuses to go out with her boss. When she gets her performance review, she gets a low rating even though she's not had any work performance issues

Sexual Harassment Prevention (cont.)

2. Hostile Work Environment:

- Speech or conduct that is severe and/or pervasive enough to create an abusive or hostile work environment

Examples:

- Co-worker hung up a calendar with scantily clad people on it
- You go into the break room, and people are discussing their weekends – using explicit language about their ‘hook ups’
- You’re on a work team, and on the group’s google chat, someone shares dirty jokes

Sexual Harassment Prevention (cont.)

Who can commit sexual harassment:

- Employees at all levels
- Customers, vendors, Patients
- Members of any gender

Who can be effected by it:

- Individual or individuals targeted by statements or actions
- Bystanders or witnesses not directly targeted

Our Responsibilities

1. Know and comply with our policy and procedure
2. Report incidents that you experience directly or witness
3. Cooperate with investigations
4. Support victims
