# Using your ID for access into parking lots or doors.....

**When using your ID either at a door or at the parking lots- simply hold your ID up to the reader within 3 to 6 inches.**

**If it is one of the parking lot gates you are supposed to have access to , the gate will then lift up allowing you access.**

**If it is a door reader, the door will click to allow you to open it for access into dept or building. Some doors open automatically such as the 2 East employee entrance doors or some doors in the OR.**

**If you do not have your ID and need to get into your designated parking lot, there is an intercom for any access issues. You will be asked for your employee number and name for verification to confirm you are supposed to be in that lot. If you are, then Security can open the gate from the computer in their office.**

There is a \$5.00 replacement fee for LOST ID Badges.

# Sample of what your Lahey ID looks like.

Do not puncture ID by putting pins in it, as this will ruin the chip inside

# Parking Violations

If you are caught parking illegally somehow, you may be subject to receiving a parking warning on your vehicle.

If you receive more than 2 tickets, you will be placed on the tow list, and the next time your car could get towed, which could cost you up to \$150.00, to get your car out of towing.

**Parking violations are given for some of the reasons listed:**

**Parking in a fire lane or dock area**  
**Your vehicle not displaying your parking sticker**  
**Parking in a lot your not assigned to**  
**Parking in a handicap area without a legal HP plate/placard**  
**Parking on the roadway or in an ambulance spot.**

**Using another colleagues ID to get in a lot your not assigned to.**  
**Using the carpool lot alone.**  
**Piggybacking another driver trying to get into a lot. ( following closely behind, to trick the gate into thinking it's a longer car. )**

# Parking Violations continued

If you forget your ID and have to use the intercom to gain access into a gated lot, you will be given a ticket for forgetting your ID. *(Transponders alleviate this issue of forgetting your ID to get into the lots. They cost \$20.00 or \$30.00 and are optional. )*

If you are caught giving your ID to someone else to use, to get into an onsite lot, both parties will receive a parking warning, and parking privileges will be revoked for onsite parking.

After you receive a ticket, you have 3 days to appeal it with the Security Office. If you did not have a sticker on your car and rectify the violation, they will take the ticket off your record.

# Alternative Transportation

**B-Line**

**LRTA**

**MBTA**

We at Lahey Hospital, promote alternative transportation by ways of our transportation board outside of the Security office, and on the Security website.

We also post bus schedules at the transportation board outside the Security office.

The MBTA, LRTA, B-LINE, LEXPRESS all service Lahey Hospital.

The MBTA comes to the front entrance to the Hospital.

The LRTA and local B-LINE comes to the main entrance to the Hospital, where the bus shelter is out in front of the garage across from the main entrance.

The LEXPRESS goes to the Burlington Mall, where you would connect with the local B-Line coming up to Lahey, from the Legal Seafoods location.

# Alternative Transportation Continued

Lahey is partnered with MassRides in Boston, a government funded program that helps area businesses with transportation issues.

MassRides website at [www.commute.com](http://www.commute.com) houses a large database that you can join in order to find a carpool or vanpool partner.

When signing up for this rideshare database, MassRides will in turn send you the name and phone number of those that live and work near you.

You would then simply call that person and request a carpool/vanpool ride either on a full time or part time basis, or even just to use as a back up ride to and from work as needed.

If you find a carpool person that works within Lahey Hospital in the same building on the same shift, we have an internal carpool program.

Both carpool partners can fill out Lahey's internal carpool forms and as long as they carpool at least 2-3 times per week, we will code one ID (seniority based ) to allow you into our carpool lot 5. If you are in another building, there are a few designated carpool spots assigned.

Once you both fill out your carpool forms, you will need to turn them into Security and they will be processed within 2 weeks, in which you will be called to come pick up your carpool hang tag.

You may only park in this carpool lot when there are at least 2 employees in your car. If you are alone, you will need to go to your original assigned lot.

For those that would like to Bike to Work, Lahey provides a bike rack in Lot 4 by the 2 East Employees entrance. Motorcycle Parking is also available in lot 4.

# Other Services provided by Security

For those working late at night, and you don't feel comfortable walking out to your vehicle, you can ask Security for an escort to your car at night. There may be a little wait, for a van to come and get you, but they will be able to provide a ride to your vehicle.

All lots are well lit, and there are cameras located on the roof and garage, overlooking all 41 Mall lots.

Security can offer limited road assistance in the way of tire inflations, jump starts and some lock outs. They cannot change a tire, but they can put enough air in your tire to get you to a station to take care of it.

# Security at Lahey Hospital

Security does report and investigate all Security incidents involving patients, visitors, personnel or property. We do suggest that you lock up your belongings or valuables in a secure locker, desk etc.

The Security Department is a 24/7 operation and can be reached at all hours by dialing extension 8240, from within the Hospital, or 781-744-8240 from outside of Lahey. It is suggested to put the Security phone number in your cell phone.

Please keep an eye out for any parking changes via (Things you need to know) emails. If you do not have access to email, your manager will post any parking changes within your department for your viewing. We also post parking changes on all Lahey Shuttles.

# THANK YOU FOR YOUR COOPERATION - SECURITY
